

Imago Lip Balms

Introduction

Imago lip balms are made from entirely naturally sourced products and contain no preservatives. They do not contain petroleum-based ingredients, which act as occlusives which may lead to the need for frequent re-application.

Skin Type

Suitable for all skin-types

Ingredients and benefits

Beeswax, Cocoa Butter, Shea Butter and Sweet Almond Oil mean that the lip balms made by imago are protective, softening and nourishing to the lips, protecting the lips from harsh cold weather but with natural sun protection benefits. The lip balms are fragranced with a variety of blends of essential oils.

How to use it

Apply to the lips as required.
