

Soothe and Purify Moisturiser

Introduction

A moisturiser specifically formulated for spot or acne-prone skin. Formulated with no comedogenic ingredients to avoid blocking pores; and containing Hyaluronic acid which can be very beneficial for this skin-type.

Skin Type

Acne, spot, and blackhead prone congested oily combination skin.

Ingredients and benefits

The product base is a synergistic blend of Wild Pansy and Chickweed extract. Thistle Oil, Jojoba Oil, Vitamin E and a blend of three plant extracts from the South American Rain forests - *Copaifera officinalis* (balsam copaiba) resin, *Carapa guaiensis* seed oil, *Euterpe oleracea* pulp oil (proven to reduce seborrheic activity and improve acne prone skin as well as other skin problems.). Hyaluronic Acid can help prevent scar formation and can work to fade old scars and is a powerful anti-oxidant. The product can help with the reduction of pore size and contains a host of anti-inflammatory and anti-oxidant ingredients. The Essential oils of Niaouli, Lavender and Bergamot provide a synergistic blend to help with skin that is oily or prone to breakouts.

How to use it

Apply to skin in upward movements, day and night.
